

The Yellow Flower

Amelia Young

SEATTLE CHILDREN'S | AGE 23

The color yellow is my favorite color.
The more vibrant, fun, bubbly, and
The most carefree

I love running in circles with
Yellow flowers around me

White little doves flying in the sky
Picking yellow flowers for every single person

When I dream of yellow flowers
One dropped in the middle of the ocean

I'm drowning trying my best to catch it
And it was too late

I swam back to the land and
Watched it float through the waves

Never to be seen again.
