Water is what we're made of  
water is what we need to survive  
water, water, water. We act like  
water we rage like water  
we are calm like water  
we are intoxicated by water  
but I always wondered  
can we provide like water?  
can we take all the plastic  
from it and help like it does?  
But I know the answer. We can  
not because we need everybody not  
just you, me, us. We need everybody.

This broadside was created in celebration of Seattle Arts & Lectures' Writers in the Schools (WITS) program's Year End Reading. It was written at Lowell Elementary School during the 2022-23 school year with WITS Writer-in-Residence, Karen Finneyrock.
